

APPENDIX 2

REFERENCES

1. Alignment and Grade of Culverts, Part I, Technical Report No. 2, The Johns Hopkins University.
2. A Unified National Program for Flood Plain Management, U.S. Water Resources Council, Sept. 1979 - U.S. Government Printing Office Documents Department, Washington, D.C. 20422 - Order No. GPO 052-045-00058-4.
3. Computer Program for Project Formulation Hydrology, U.S. Dept. of Agriculture - S.C.S., Engineering Division - Technical Release No. 20 Control Technical Unit, May 1965.
4. Generalized Computer Program, HEC-2 Water Surface Profiles User Manual, August 1979, U.S. Corps of Engineers, U.S. Army, 609 Second St., Davis, Cal. 95616.
5. Counter Measures for Hydraulic Problems and Bridges - Volumes I and II Sept. 1978 - F.H.W.A. - National Technical Information Service, Springfield, Va. 22161.
6. The Design of Storm Water Inlets, John Hopkins University.
7. The Design of Open Channels, U.S. Dept. of Agriculture, S.C.S. TR-25 dated September 28, 1977.
8. Design of Urban Highway Drainage, The State of Art FHWA-TS-79-225, U.S. Dept. of Transportation F.H.W.A. Washington, D.C. 20590 - Aug. 1979.
9. Engineering Field Manual, U.S. Dept. of Agriculture, Soil Conservation Service.
10. Floods of August and September 1971 in Maryland and Delaware, 1974, U.S. Dept. of Interior, Geological Survey.
11. Handbook of Applied Hydrology, Ve Te Chow, McGraw Hill Book Company, New York - 1964.
12. Handbook of Drainage and Construction Products, Armco Drainage & metal Products, Inc.
13. Handbook of Steel Drainage and Highway Construction Products, American Iron and Steel Institute, 2nd Edition - 1971.
14. Handbook of Hydraulics, H.W. King -
15. Highway Drainage Manual - former Bureau of Public Roads
16. Highways in the River Environment - Hydraulics and Environmental Design Consideration - U.S. Dept. of Transportation F.H.W.A. May - 1975.
17. Highway Drainage Guidelines - A.A.S.H.T.O. - 1979 - Volumes I through VI.

18. Highways and Wetlands, F.H.W.A. IP-80-11-July 1980 3 Volumes.
19. The Hydraulics of Culverts, F.T. Mavis, Bulletin No. 56, the Pa. State College, Engineering Experimental Station.
20. Hydraulics of Culverts, American Concrete Pipe Association.
21. Hydraulic Characteristics of Reticular Inlet Grates - University of Maryland Dept. of Civil Engineering.
22. Hydraulic Engineering Circulars available from the Superintendent of Documents, U.S. Government Print Office, Wash., D.C. 20402.
 - a. #5 - Hydraulic Charts for the selection of Highway Culverts - (Stock No. 050-002-00010-1).
 - b. #12 - Drainage of Highway Pavements (Stock No. 050-002-00043-8).
 - c. #14 - Hydraulic Design of Energy Dissipations for Culverts and Channels (Stock No. 050-002-00102-7).
 - d. #15 - Design of Stable Channels with Flexible Linings, (Stock No. 050-002-00101-19).
 - e. Hydraulic Design Series No. 1 - Second Edition (Stock No. 050-001-00064-4).
23. The following Publications are available in limited number to State Highway Agencies and other public agencies from F.H.W.A. - Office of Engineering, Bridge Division, HNG-31, Washington, D.C. 20590:
 - a. HDS No. 3 - Design Charts for Open-channel Flow - 1961 - reprinted - 1973.
 - b. HDS No. 4 - Design of Roadside Drainage Channels - 1965.
 - c. HEC No. 1 - Selected Bibliography of Hydraulic and Hydrologic Subjects - Dec. 1972.
 - d. HEC No. 3 - Hydrology of a Highway Stream Crossing.
 - e. HEC No. 9 - Debris - Control Structures - March 1971.
 - f. HEC No. 10 - Capacity Charts for the Hydraulic Design of Highway Culverts - 1972.
 - g. HEC No. 11 - Use of Rip Rap for Bank Protection - June 1967.
 - h. HEC No. 13 - Hydraulic Design of Improved Inlets for Culverts, Aug. 1972.
 - i. HY - 2 Hydraulic Analysis and Pipe Arch Culverts.
 - j. HY - 2 Hydraulics of Bridge Waterways.

- k. HY - 6 Hydraulic Analysis of Culverts (box & circular).
24. Hydraulic flow Resistenace Factors for Corrugated Metal Conduits, FHWA-TS-80-216 - Dept. of Transportation F.H.W.A., Washington, D.C. 20590 January 1980.
 25. Hydraulic Design of Bridges with Risk Analysis - March 1980 - National Technical Information Service, Springfield, Va. 22161.
 26. Urban Hydrology for Small Watersheds - Technical Release No. 55 - Soil Conservation Services.
 27. Hydrology for Transportation Engineers, Jan. 1980, F.H.W.A. - Superintendent of Documents, U.S. Printing Office, Washington, D.C. 20402.
 28. Implementation of Hydrology and Hydraulic Policy Manual and Operations Procedures, Maryland State Highway Administration, Dec. 1979.
 29. Maryland Action Plan, Maryland Department of Transportation.
 30. Open Channel Hydraulics, McGraw Hill Book Company, New York 1964.
 31. Pressure changes at Storm Drain Junctions, University of Missouri, Engineering Experimental Station - Bullentin No. 41.
 32. National Engineering Handbook, Section 4 - Hydrology, 1972, U.S. Soil Conversation Service.
 33. NOAA Technical Information Service, Springfield, Va. 22151.
 34. Rules and Regulations Governing Construction on Non-Tidal Waters and Flood Plains, Aug. 11, 1978, Md. Water Resources Administration.
 35. Soil Survey of Individual Counties (Maryland) U.S. Soil Conservation Service.
 36. Solving Drainage Problems, bulletin 425-A and Supplementary Tables, Bethlehem Steel Company.
 37. Storm Water Management Design, A Manual of Procedures and Guidelines, Md. Dept. of Natural Resources - Water Resources Administration.
 38. Summary of Peak Stages and Discharges in Maryland and Delaware and District of Columbia for flood of June 1972 - 1972 U.S. Geological Survey.
 39. Tables for allowable Height of Earth Fill over Reinforced Concrete Pipe, Maryland/Virginia Concrete Pipe Assoc. - Dec. 1978.
 40. Technical Paper No. 40, Rainfall Frequency Atlas of U.S., U.S. Weather Services.
 41. Urban Storm Drainage Criteria Manual - Wright-McLaughlin Engineers.
