COUNTY GENERAL HIGHWAY MAPS

Shown on these maps are all roads open to vehicular traffic, road numbers and/or names, landmarks, cultural features such as public service facilities, educational and correctional institutions, conservation and recreation areas, airports, rivers and major drainage features, civil division boundaries, and local place names. Because of scale limitations, some detail in the most urbanized area is better explored on the larger scale STATEWIDE GRID MAPS.

EACH OF THE 23 COUNTIES IS COVERED BY ONE MAP SHEET AVAILABLE IN TWO SIZES:

- Half Size - Full Color Ink Jet Plot 1" = 1.6 miles - 23" x 35" _____ \$2.00 each
- Full Size - Black and White Print 1" = 1 mile - 36" x 38" to 50" _____ \$2.00 each

STATEWIDE GRID MAPS

STATEWIDE GRID MAPS are published at a scale of 1" = 2000 feet and are available as black and white prints only. The Grid Map shows greater detail than the county map -- such features as highways, streets (including urban street detail), road names and/or numbers, educational and correctional institutions, public service facilities, conservation and recreation areas and other selected traffic generators and/or prominent landmarks, civil division boundaries, and local place names, railroads, rivers, drainage and other natural features. (No Topography)

STATEWIDE GRID MAP COVERAGE IS AVAILABLE ONLY AS SHOWN ON THE GRID MAP INDEX.
 Black and White Print 1" = 2000' - 30" x 36" _____ \$2.00 each

Each map sheet represents an area approximately 10 miles x 13 miles (52,000 x 70, 000 feet) and may be assembled with other sheets of the series to cover larger areas. Several maps may be needed to cover a required area.

MUNICIPAL MAPS

Municipal maps are best obtained from individual municipalities or local commercial sources where they may be expected to be kept current. Maps prepared by the State Highway Administration are intended primarily for record purposes, but are made available to the general public who may find them adaptable for their use.

- Baltimore City Full Color Ink Jet Plot 23" x 35", Scale: 1" = 2500' _____ \$2.00 each
- Baltimore City Full Color Ink Jet Plot 36" x 55", Scale: 1" = 1500' _____ \$5.00 each
- All Other Municipalities (if available) Printed Black and White _____ \$2.00 each

A complete list of municipal maps produced by this office will be forwarded upon request.

TRAFFIC VOLUME BOOKLET

These maps show the 24 hour average daily traffic at selected points on all Interstate, U.S., State, and some county highways.

Booklet of Individual Counties 11" x 17" (34 pages) _____ \$5.00 each

STATE GENERAL HIGHWAY MAP (WALL MAP)

This map shows Interstate routes, U.S. marked highways, State primary and secondary highways and main county highways. Interchanges, reservations, wildlife areas, forests and parks, State Police barracks, airports, colleges or universities, points of interest and mileage between towns and/or intersections are indicated. Approximately 1,100 towns and places are shown. Boundary lines for each of Maryland's twenty-three counties and enlargement insets for the Baltimore and Washington areas are also shown.

WALL MAP Full Color Ink Jet Plot 36" x 63", Scale: 1" = 4 miles _____ \$5.00 each

STATE OUTLINE MAP

This map shows only county lines, county names and county seats. No roads or other features.

- Black and White Print 8 1/2" x 11" _____ \$0.25 each
- Full Color Ink Jet Plot 22" x 36" _____ \$5.00 each
- Full Color Ink Jet Plot 12" x 19" _____ \$2.00 each
